

# Desires

## Asgaia

Now who are you to be the death of me  
Stealing what life you need  
Roadside while you watch me bleed  
I've got to get out of here  
I've got to get out of here Well where do you get off that we revolve around your wants and needs  
There's no way I would change a one side catastrophe  
You are the only one in this room that is still the same  
You're still the one night catastrophe A liar, a liar, that's what you made of me  
A wire, a wire, that's what were walking on  
Desires, desires, it's all dressed down  
Heavy lies the crown, heavy lies the crown Thought you were the one I figured out  
With no creeping doubts, no hiding ins or outs  
But I was so wrong, I was so wrong  
The knife that's resting in my back is proof enough for me  
That you're a one sided catastrophe A liar, a liar, that's what you made of me  
A wire, a wire, that's what were walking on  
Desires, desires, it's all dressed down  
Heavy lies the crown, heavy lies the crown A liar, a liar, that's what you made of me  
A wire, a wire, that's what were walking on  
Desires, desires, it's all dressed down  
Heavy lies the crown, heavy lies the crown A liar, a liar, that's what you made of me  
A wire, a wire, that's what were walking on  
Desires, desires, it's all dressed down  
Heavy lies the crown, heavy lies the crown
