Feels Good To Me

Black Sabbath

The chapter is opened and the pages are turned
The writings say many things but who was concerned
Where can we run to now, when will we learn?
When it's lost, it's gone foreverFor years they told me what I should do
Down to the places I go and who I should talk to?
But that don't matter no more since I found out the truth
It feels good to me, yeahThe world is turnin', forever turnin'
Forever yearnin' for the love of life
And you're wrong if you think that I'm afraid to loveIt feels good
It feels good to me
It feels good
It feels good to meI wonder, I wonder, does it not seem strange to you
Just how the tables have turned on me and you?
How long can we go on livin', livin' the way we do?
When it's lost, it's gone foreverThe world is turnin', forever turnin'
Forever yearnin' for the love of life
And you're wrong if you think that I'm afraid to loveIt feels good
It feels good to me
It feels good
It feels good to meIt feels good
It feels good to me
It feels good
It feels good to meHow long do we go on livin'?
Livin' the way we do, yeahIt feels good
It feels good to me
It feels good
It feels good to meIt feels good
It feels good to me
It feels goodIf I never saw another night
And I never saw another night
And I never saw another day
It still feel good to me
