Dru Hill

Yo yo, can y'all hear me out there?
Cool, cool, let me now introduce myself, Ladies and Gentlemen
See I go by the name of Big Woody Rock
And I'd just like to take this time right here
To just first of all thank you all for taking the time out to listen to this album
Hope you're enjoying everything you hear so far
Right now I just think I need to dedicate this song
This next song coming up to every man and woman, boy or girl
Whoever and wherever you may be, who has ever been
In an relationship that just didn't quite work out
Also this song is dedicated to everybody who comes up to me
In all the clubs, supermarkets, airports
And everywhere else in the world asking me
"Woody, when you gon' do something, when they gon' let you sang?"
Not knowing that, man, I sung all of 'April showers'
A verse on 'All alone', a verse on '5 Steps'
And about half the songs on the album
But that's cool, y'all ain't know
Alright now I just want you to sit back, close your eyes
Kick your feet up and listen to this song right here
'Cuz this here is for y'all
Yo Smiley, you ready, let's do this
