

# Degradation, Pt. 1

## ASCENDANT

I'll show you reality  
Make you feel alive  
Just to make you aware  
That you had a great life!It sickens me like shit  
To see you so pathetic  
Like you know what pain is?  
Take a brief look around you  
What do you see?Yeah, just sit back  
And watch the show  
Cause at some point  
You will be the one to bow  
Go ahead judge others  
Make rules and regulations  
That you cant even keep yourself
