True To You

Kim Wilde

I'll be true
I'll be true
I'll be true
I won't lie, baby, yeah, yeah
I'll be true
Trust me when I sayYou're asking me where is it we go from here
The answer is open in my mind
Who knows where we'll end our journey
Love is a lesson
We're still just learning
But one thing you can be sure of isI'll be true
I won't lie, baby
I'll never lie to you
I'll be true
Trust me when I say
True to youSo many people make the same mistakes
Giving promises they can't keep
And after their hearts are broken
With words they both wish had never been spoken
And lies that they pin their hope on butI'll be true
I won't lie, baby
I'll never lie to you
I'll be true
Trust me when I say
True to youI'll be true
I won't lie, baby
I won't waste your time, baby
I'll be true
Trust me when I say
True to youLove and honesty is
What you're gonna get from me
Every step of the way
You can trust me, when I sayI'll be true
I won't lie, baby
I won't waste your time, baby
I'll be true
Trust me when I say
True to youI'll be true
I won't lie, baby

I'll never lie to you
I'll be true
Trust me when I sayI'll be true
I won't lie, baby
I'll be true
Trust me when I sayI'll be true
I'll be true
