

# Remember Them Days

## Beanie Sigel

Yeah, uh it's all good now  
It's all good now  
We out the hood now  
It's all good now  
We out the hood now, we out the hood now  
It's all good now  
We out the hood now  
It's all good now, NUWho thought we'd see the day when we're kick our feet up  
Lay back, exhale, haa, put the heat up  
No stress, no scale, no jail could keep us  
Only case we catching now would be a misdemeanor  
Remember we used to hustle thinking life would cheat us  
Not knowing if we struggled life would treat us  
Think on how mommy carried us, where life gon' lead us?  
Knowing if we getting married, our wife will need usIf at one time you could look into my mind  
When I close my eyes and remember them times  
No gas, had a hot plate heat our dinners  
No cash, most nights ate sleep for dinner  
Welfare and white landlord, that life ain't easy  
Only ones is moving up was George and Weezy  
All my sugar water babies who live in autos, it's crazy  
You keep it in the dark, I'mma speak it from the heartRemember dem days, livin' all days in doubt  
Remember dem days, thinking there's no way out  
Remember dem days, not knowing which way to route, uhh  
It's all good now, we out the hood now  
Remember dem days, all of us under the covers  
Remember dem days, heating up the house with the oven  
Remember dem days, thinking that life ain't love us, come on  
It's all good now, we out the hood nowRemember kids who run the block  
You never thought they would get harmed  
Only time our block got wet is when is sprinklers loose on  
Think about that time dawg that wasn't long  
Now that we got kids think when we was born  
Coming up in my hood was hard, every day my mom cooked with lard  
Fucked up I couldn't feed myself, living life no means of wealth  
Eating shit I can't believe myself, that's not a jokeMan I was dealt these cards and I played dem out  
Yeah the road was rough but I made a route  
Now picture running extension cords from your neighbor's house  
To get lights, fuck Max on the latest routes

Used to close my eyes try to fade it out  
Dumb niggas in the hood think I made it out  
Man that showed me just where they mental at  
And tell me half of these cats ain't been through Jack  
Remember dem days, livin' all days in doubt  
Remember dem days, thinking there's no way out  
Remember dem days, not knowing which way to route, uhh  
It's all good now, we out the hood now  
Remember dem days, all of us under the covers  
Remember dem days, heating up the house with the oven  
Remember dem days, thinking that life ain't love us, come on  
It's all good now, we out the hood now  
Yo, every day I think Deke and Rola  
For introducing me to Dame and Hovah  
Ever since that day I met Jay, man, I knew my pain was over  
They let me in this game it's over  
Mom, I know I put you through hell, but now I'm gonna order you heaven  
No more temporary layoffs like Florida Evans  
Ain't no good times about dat there  
Your boy rhyme now, and it's fine now, we out dat there  
Fuck that Access car  
I'mma work extra hard to turn that into a platinum express car  
You can have sweet dreams at night  
Your boy ain't out there with dem toys and them pings at night  
All dem cracks and the gats left that life alone  
It's the tracks and the raps and the microphone  
Wish y'all would fuck that up now  
Shit it's all good now, we out the hood now  
Remember dem days, livin' all days in doubt  
Remember dem days, thinking there's no way out  
Remember dem days, not knowing which way to route, uhh  
It's all good now, we out the hood now  
Remember dem days, all of us under the covers  
Remember dem days, heating up the house with the oven  
Remember dem days, thinking that life ain't love us, come on  
It's all good now, we out the hood now
