Never Be Replaced

Fuzzy

baby i love you and i'll never let you go
but if i have to boy i think that you should know
all the love we made can never be erased
and i promise you that you will never be replace(2X)
i love you
yes i do
i'll be with you as long as you want me to
until...
the end...
of time

from the day i met you i knew we'd be together
and now i know i wana be with you forever
i wana marry you and i wana have your kids
thinking never compared to the feelings of your kisses
i could say i'm truly happy till this day
you make me think i better live my life everyday
there's never been a doubt in my mind
that i regret ever having you by my side
but if the day comes that i have to let you go
i think there's something i should probably let you know
that everyday that i've spent with you
and i will miss you cause i'm happy that i had you at all

baby i love you and i'll never let you go
but if i have to boy i think that you should know
all the love we made can never be erased
and i promise you that you will never be replace(2X)
i love you
yes i do
i'll be with you as long as you want me to
until...
the end...
of time
