Ambushed

Conspirituality

(I was kidnapped, abducted, falsely imprisoned, tortured, and threatend with further torture, without charge, without trial....Even many soldiers had said to me afterwards, it was "Hell, if you weren't a terrorist when you came in here, by the time you leave I'm sure you would be because of the way we treated you."
(Bush:" Let us never tolerate outrageous conspiracy theories concerning the attacks of September the 11th. Malicious lies that attempt to shift the blame away from the terrorists themselves. Away from the guilty")

People are always asking me "YO gemineye, what's your angle? are you a devil or an angle?" and i say "BOTH!" as i continue to blame the Knights Templar and the harsh Protalus. The real reason New York lost their towers.

Don't sit back, or hesitate to react to the impact. Many takin a nap.In fact they would fake an attack to make way for the patriot act.

Some say " hey it ain't safe to say that" but its the same game, different name on the map, as they place blame, and they aim at Iraq. Its a damn shame cause they never claimed the hijack.

Followin the fiddle while with a bound hero. The town hero, responsible for ground zero. Objects in the mirror are closer than they appear, so clear your ear. They hear the sound of fear grow.

Beware the evil, the dragon, and the ego. And the boarders that we are forced to see slow. Persecuted and disputed because of what we know. The strength that control these kings come from below.

Absorb the norm of this dark art double mit. Thinking they can avoid the spark of another mit. Walk right up, take the Ark of the Covenant. The cords have been pulled by the shark and I'm lovin it.

Look hard, and you will find 7, head to the beast behind 9/11. Repped and fillin and even John Lenin, couldn't imagine this mortared day, Armageddon.

We've been ambushed, pushed to the edge. Persecuted because we disputed to know the ledge. Pledge allegiance? Not even if the world stops turning. Never trust a bush unless its burning!

(their is a chance, for the president of the united states to use this disaster to carry out what his father, a phrase his father used i think only once and hasn't been used since. and that is a new world order.)

From junior to senior, to grandpa Prescot. to the Nazi mouse house at the center at Etkart. lets not forget the messed up mascot. skull and bones walkin up to Ron Paul's rest spot.

These fool goons are not alone in their obsessed plot. These dark gnomes are part of em, so i take my best shot.

With a heart of stone as they approve. They never get caught. Because they be going through any details in your emails on your desktop.

Many be grown like Ghandi or mayor Giuliani. Practicing karate with the illuminati. A ton of people savoy whos quick to kill somebody. For the love of mud honey or a little blood money.

I don't find these thugs funny. they sell drugs to bugs bunny. Not that its any of my business that Imo dissin daffy duck's bunny. Just hidin when they laugh at me and what my dread locks study. When they killed tiny children, left many building blocks bloody.

Their squaring in the compass in the almanac. Are you aware that their amongst us and that its all an act? Some in a sizzle now come crawling back. Choked the bohemian groom dressed all in black.

A serpent king worshiping a stone owl. The dragon Ronald Reagan ain't Colin Powell. The description like battle white showing a bowwel. We have to plan to fight and never throw in the towel.

We've been ambushed, pushed to the edge. Persecuted because we disputed to know the ledge. Pledge allegiance? Not even if the world stops turning. Never trust a bush unless its burning!

(Remember this! your government funded and trained al-queda!)
(Bush:"The supreme courts ruling has said that uh we must conduct ourselves under the common article 3 of the Geneva convention. And that common article 3 sais that you know that their will be no outrages upon human dignity..... uh, is it, its a, it, is it like, its very vague. what does that mean?")
