

Bodys

Car Seat Headrest

That's not what I meant to say at all
I mean I'm sick of meaning, I just wanna hold you
But that's not what I wanted to say at all
I mean I'm sick of meaning, I just wanna hold you"Is it the Chorus yet?"
"No, it's just the building of the verse,
so when the chorus does come it'll be more rewarding."I would speak to you in song
But you can't sing as far as I'm aware
Though everyone can sing as you are well aware
I keep so quiet it's hard to tell I'm alive
Everybody's swinging their hips
Everybody's giving the waitress tips
Everybody's dancing all of the dances
Everybody's dancing every dance now
Those are you got some nice shoulders
I'd like to put my hands around them
I'd like to put my hands around themI have enough trouble controlling my own limbs
Stealing alcohol from our parents and grandparents
There's no devil on one shoulder and angel on the other
They're just two normal people(These are the people that I get drunk with
These are the people that I fell in love with
These are the people that I get drunk with
These are the people that I fell in love with)But if you keep giving me your empty hands, man I am tempted to
say
Let's piss up another rope boys, this one has grown old and bitterWell, so what? So what?
We're young
We're thin (most of us)
We're alive (most of us)
Don't you realize our bodies could fall apart any second?
I am terrified your body could fall apart at any second
Those are you got some nice shoulders
I'd like to put my hands around them
We can get real horny and keep messing around
We can keep real quiet won't be making no sounds
I'll try my best not touch your face
Next time can we please meet at my place(You don't have to hold your tongue.)
(You can do what you want.)
(We can see if you're ready to get what you want.)I know that I don't talk a lot
But I know that you don't care a lot
As long as we move our bodies around a lot

We'll forget that we forgot how to talk
When we danceDon't you realize our bodies could fall apart any second?
I am terrified your body call fall apart at any second
Those are you got some nice shoulders
I'd like to put my hands around them
We can get real horny and keep messing around
We can keep real quiet won't be making no sounds
I'll try my best not touch your face
Next time can we please meet at my placeThose are you got some nice shoulders
I'd like to put my hands around them
I'd like to put my hands around them
When we dance
