wheel

The Bran Flakes

People have the right to fly
And will when it gets compromised
Their hearts say "Move along"
Their minds say "Gotcha heart"
Let's move it along
Let's move it along
And airports
See it all the time
Where someone's last goodbye
Blends in with someone's sigh
'Cause someone's coming home
In hand a single rose
And that's the way this wheel keeps working now
That's the way this wheel keeps working now
And I won't be the last
No I won't be the last,
To love her
You can't build a house of leaves
And live like it's an evergreen
It's just a season thing
It's just this thing that seasons do
And that's the way this wheel keeps working now
That's the way this wheel keeps working now
And you won't be the first
No you won't be the first

To love me
You can find me, if you ever want again
I'll be around the bend
I'll be around the bend
I'll be around,
I'll be around
And if you never stop when you wave goodbye
You just might find if you give it time
You will wave hello again
You just might wave hello again
And that's the way this wheel keeps working now
That's the way this wheel keeps working now
You can't love too much, one part of it

You can't love too much, one part of it
You can't love too much, one part of it
You can't love too much, one part of it
I believe (You can't love too much, one part of it)
That my life's gonna see (You can't love too much, one part of it)
The love I give (You can't love too much, one part of it)
Return to me (You can't love too much, one part of it)
I believe (You can't love too much, one part of it)
That my life's gonna see (You can't love too much, one part of it)
The love I give, return to me
I believe, that my life's gonna see
The love I give
Return to me
