

Hell Was Made in Heaven

Helloween

There was a time eating your mind
Eating your heart and your soul
Down to the bone always alone
Nobody waiting at home Now allow that we unite our fires
Shout it out
Give yourself to me
Yeah, yeah, yeah Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin Ten years ago you made the vow
Promised your life and your love
Before you have paid, nothing returned
What is enough is enough Now allow that we unite our fires
Shout it out
Give yourself to me
Yeah, yeah, yeah Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin Now allow that we unite our fires
Shout it out
Give yourself to me
Yeah, yeah, yeah Hell was made in heaven
I was made for you
Hell was made in heaven
Made for loving you in sin, in sin
In sin, in sin
