

Limitless (feat. Sophie Rose)

[Sam F.](#)

Moonlight burning in our eyes
We are, we are
Too high for the better life
We're stars, we're stars
Lay your head don't forget your worries
This is where, where we belong
Moonlight burning in our eyes
We are, we are
Cuttin' a daydream holding onto something
Just beyond our fingertips
Stuck in a feeling
Love the breathing
I can taste it on my lips
Limitless Burning of the sky
all the night
Limitless Wanna feel the fire
Better take u high
Limitless (wooh, wooh)
Limitless (wooh, wooh)
Limitless, limitless (limitless)
Starlight in our eye
We are, we are
Children of different kind
We stars, we're stars
Listen to the rythm of the heartbeat
Let the sound ignite your soul
Starlight in our eye
We are, we are
Cuttin' a daydream holding onto something
Just beyond our fingertips
Stuck in a feeling
Love the breathing
I can taste it on my lips
Limitless Burning of the sky
all the night
Limitless Wanna feel the fire Better take u high
Limitless (wooh, wooh)
Limitless (wooh, wooh)
Limitless, limitless (limitless)

we are, we are
