Redefined

Threering

I know you're hurt, I've felt the pain
Reached out to you one thousand ways
I'm fighting my own emptiness now
But I can't stop reaching
I'm just scared as hell you'll fall if I don'tIf I took the time to do things right
With you it's never just black and white
Maybe it's not what you want to hear
But I can't stop feeling
I'm just scared as hell you'll fall...Today's the day I stop living the lie
I've found the way to redefine
Redefine who I amSomething told me you wanted me to stay
But it was all just so badly broken
Maybe in time all these scars will fade
But I can't stop breathing
I'm just scared as hell I'll fall...Today's the day I stop living the lie
I've found the way to redefine
Redefine who I amAs much as I loved you
As hard as I tried
The contempt that you're feeling may be justified
This pushing and pulling
Your emotional war
I'm no worse for the damage
But maybe you're better off alone
