

# Wildfire

## Spooky Tooth

WrightWildfire is in my mind  
My desire is waiting to unwind  
I finally found what I've been looking for  
Threw away the chains that bound my heart  
Since I met you  
You opened the door  
Yes you gave me a brand new startWildfire is in my mind  
My desire is waiting to unwind  
Wildfire burning in my mindCraziness took me by suprise  
But I feel I got the world in my hand  
Happiness look me in the eyes  
No use but you can understand  
Wildfire is in my mind  
My desire is waiting to unwind  
Wildfire burning in my mind
