

# Keep Me from Cryin' Today

**Merle Haggard**

Hold me, love me and tell me  
That you decided to stay  
At least put it off till tomorrow  
And keep me from cryin' today Help me make ready for the heartache  
That soon will be coming my way  
Consider how little I'm asking of you  
And keep me from cryin' today Keep me from cryin' today  
Help me forget in your own special way  
Let's save our goodbyes for tomorrow  
And keep me from cryin' today Let's save our goodbyes for tomorrow  
And keep me from cryin' today
