

Liquid Cool (loud bass mix, Deep Forest)

Apollo 440

Certainly someone who is frozen is not alive, but neither are they dead
They are in a third state a biostasis what I would use to describe ... liquid coolMake me immortal yeah yeah
I am immortal yeah
I am nothing yeah yeah
Becoming liquid coolWaves of oblivion yeah yeah
Lap at my feet yeah
Laugh in my face yeah yeah
Devil take me... liquid coolI is another yeah
We blackout together yeah
Our little death, yeah yeah
Twilight elixir... liquid coolMake me immortal yeah yeah
Once more around the sun
Å¼ber religion yeah yeah
Ultra-evolution... liquid coolHe who lives these words
Shall not taste death
Becoming nothing yeah yeah
Forever liquid coolThe number seventy-two living in another lifetime, the number seventy-two ? future ones
To get into some place in the future where nobody?s ever beautiful
But some day we?ll look back and wonder how we ever tolerated it, life and death.
