Diamond Road

Goldray

Walk with me the Diamond Road
Tell me every story told
Give me something of your soul
That I can hold ontoI wanna wake up to the sound of waves
Crashing on a brand new day
Keep the memory of your face
But wipe the pain awayWhen you're lonely
(You're not alone)
When you're heart aches
(On Diamond Road)
It's gonna take a little time
Yeah, it's gonna take a little timeWhen the night falls
(You're not alone)
When you're stumbling
(On Diamond Road)
It's gonna take a little time
To make it to the other sideSo don't miss the diamonds along the way
As every road has led us here todayLittle bird, what's troubling you
You know what you have to do
'Cause what is yours you'll never lose
And what's ahead may shineNow beneath the promise of blue skies
The broken wings will learn to fly
Pull yourself out of the tide
And begin to dream againWhen you're lonely
(You're not alone)
When you're heart aches
(On Diamond Road)
It's gonna take a little time
To make it to the other sideWhen the night falls
(You're not alone)
When you're stumbling
(On Diamond Road)
It's gonna take a little time
To make it to the other sideSo don't miss the diamonds along the way
Every road has led us here todayWon't you shine on morning light?
Burn the darkness away, ohWalk with me the Diamond Road
Tell me everything is gold
Give me something of your soul
So you don't fade away, ohWhen you're lonely

(You're not alone)
When you're heart aches
(On Diamond Road)
It's gonna take a little time
To make it to the other sideWhen the night falls
(You're not alone)
When you're stumbling
(On Diamond Road)
It's gonna take a little time
To make it to the other sideWhen you're lonely
(You're not alone)
When you're heart aches
(On Diamond Road)
It's gonna take a little time
To make it to the other sideWhen the night falls
(You're not alone)
When you're stumbling
(On Diamond Road)
It's gonna take a little time
When everything will be just fineSo don't miss the diamonds along the way
Every road has led us here today
Life is what happens while you're making plans
All that you need is right here in your hands
