

# I've Been Failing

## Nathaniel Rateliff & the Night Sweats

Well I needed  
You and not just someone.  
I been so long  
Farewelling you dear.  
Said I care for  
All I ever risked darling,  
But I buried all of it again.Oh yeah, heal me baby.  
Oh, what am I doing.  
Oh, all day.  
Oh, and she said too  
"Whats going on?"  
I know it all seems  
Dark and light has gone away.  
I been out there  
Bending in the wind.  
Now Im standing  
Here to be beside you.  
And for all I  
Know and all I care.I said, "Don't you even,  
Don't you worry."  
Don't you even, don't you worry.  
Ive been failing you  
Ive been failing you  
Ive been failing you  
Ive been failing youI can't stop trying  
I can't stop trying  
I can't stop trying...
