

# Countess of the Crescent Moon

## Carnifex

Countess of the crescent moon  
Heartstrings undone in deaths interlude  
Grasping so tight to life's fading light  
Undone in the arms of sadistic delightA planet without a sun  
A world without light  
Breath in the ashes of a world once past  
Lost to the stars and the gathering dustTorn from the heavens  
To death she ascended  
We are the souls of the unforgiven  
War of attrition  
Unearthly possession  
Love is the song of a dead religion  
Death makes angels of us all  
Less breathing, more letting go  
I'll leave you where I met you  
Death's cold kiss but I can't forgive youDusk turns to dawn  
The next time you see me  
I'll be dead and goneBleed me dry  
I'll meet you on the other side  
Tell me it's alright  
Close my eyes for the last timeBleed me dryFuck all the rest  
Kiss me to death  
Breath my last breath  
Nightmare possessed  
Kiss me to death  
Fuck all the restDeath makes angels of us all  
Less breathing, more letting go  
I'll leave you where I met you  
Close my eyes but I can't forget youDusk turns to dawn  
The next time you see me  
I'll be dead and gone
