Here With You

Allstar Weekend

You were my favorite poster

Hanging on a wall and just like a roller coaster

You kept me waiting for a fallA surprise I expected and protected

Like it was all I ever knew

In your eyes you selected me

The same way I chose you

The same way I chose youI kept you like a secret

And everything I went through

You would not believe it

To keep your face up on my wallFrom my mom I defended and pretended

That you were no big deal

'Cause to her you were paper

But in my eyes you were real

In my eyes you were realI'm so in love with you

My mind is set on you

This time and every time

I just can't get enough of youAnd when I'm stuck at home

They think I'm all alone

Don't know what I would do

If they knew I was here with youHere with you, here with you

Here with you, here with you

Here with youIf they knew I was here with youYou came in my life

At a time I was down

You colored the world

And turned it aroundAnd I can't believe

It's all that I need, it's true

And I don't wanna fight this I'm so in love with you

My mind is set on you

This time and every time

I just can't get enough of youAnd when I'm stuck at home

They think I'm all alone

Don't know what I would do

If they knew I was here with youI'm so in love with you

My mind is set on you

This time and every time

I just can't get enough of youAnd when I'm stuck at home

They think I'm all alone

Don't know what I would do

If they knew I was here with youI'm so in love with you

(Here with you)

My mind is set on you

(Here with you)This time and every time

I just can't get enough of youAnd when I'm stuck at home

(Here with you)

They think I'm all alone

(Here with you)Don't know what I would do

If they knew I was here with you
