For the right time baby

Girl can you just move

She playing hard to get

Iâ€™m thinking â€˜bout her all the time

She asking more of me

She want me give that overtime

Baby nofo mai (aa i)

Baby nofo mai (aa i)

And now she giving me that glare

As sheâ€™s sitting right there

And she knew Iâ€™ve been waiting

For the whole damn year

You right

Imma wait twice as long if that means

Baby girl hears the words of this song
