

# Tailgate

Jaydee Bixby

Ford F-150 takin' up ten spaces in the back row  
Billy's bringin' Bobby, Bobby's bringin' Bo  
Four hours early for the big show  
Igloo coolers, Coleman lights  
Charcoal grills and a big blue sky  
Spare ribs smokin', the wings are hot  
It's lookin' like a party in the parking lot

CHORUS:

Tailgate  
Tents lined up  
Everybody sittin' on the back of their truck  
Tailgate  
Bring on the beer  
Honk that horn if it's rockin' out here  
Tailgate  
Music up loud  
Bumper to bumper everybody shout  
It's a tailgate - woo hoo  
Party while you wait, it's a tailgate

Mustang squeezes in, right between the Dually and the S-10  
Top comes down, girls climb out  
All of them making that woo hoo shout  
Dancin' in the truck bed  
Sittin' on the hood  
Itty bitty tank tops lookin' so good  
So come on over, everybody's kin  
You can even bring your mama and 'em to the

CHORUS:

To the tailgate  
Tents lined up  
Everybody sittin' on the back of their truck  
Tailgate  
Bring on the beer  
Honk that horn if it's rockin' out here  
Tailgate  
Music up loud

Bumper to bumper everybody shout

Tailgate - woo hoo

Party while you wait, it's a tailgate

'Till they go and open up them doors

You're gonna fine me on a four by four

Tailgate

Bring all your friends

You can even bring your mama and them

Tailgate - pack it all in

Gonna turn around and do it over again

CHORUS:

Tailgate

Tents lined up

Everybody sittin' on the back of their truck

Tailgate

Bring on the beer

Honk that horn if it's rockin' out here

Tailgate

Music up loud

Bumper to bumper everybody shout

It's a tailgate - woo hoo

Party while you wait, it's a tailgate

Tailgate

Party while you wait, it's a tailgate

Honk that horn if it's rockin' out here

Tailgate

Party while you wait, it's a tailgate!
