

Battle Scars

Lupe Fiasco

L

Hope the wound heals but it never does
Thats cause you at war with love
You at war with love, yeah

G

These battle scars, don't look like they're fading
Don't look like they're ever going away
They ain't never gonna change
These battle

L

Love

Never let a wound ruin me
But I feel like ruins ruin me
Arrow holes, they never close from Cupid on a shooting spree
Feeling stupid cause I know it ain't no you and me
But when youre trying to beat the odds up
and tryin to keep your nods up
you know that you should know
And let her go
But the fear of the unknown
Holding another lover strong
Sends you back into the zone
With no Tom Hanks to bring you home
A lover not a fighter
On the frontline with a poem
Trying to write yourself a rifle
Maybe sharpen up a song
To fight the tanks & drones of you being alone

G

I wish I never looked, I wish I never touched
I wish that I could stop loving you so much
Coz Im the only one thats trying to keep us together
When all of the signs say that I should forget her
I wish you werent the best, the best I ever had
I wish that the good outweighed the bad
Cause it'll never be over,
it'll never be over
Until you tell me it's over
Until you tell me it's over

These battle scars, don't look like they're fading
Don't look like they're ever going away
They ain't never gonna change
These battle scars, don't look like they're fading
Don't look like they're ever going away
They ain't never gonna change

These battle

L

Then just leave then
You shouldn't have but you said it
And I hope you never come back
It shouldn't have happened but you let it
Now you're down on the ground screaming medic
The only thing that comes is the post-traumatic stresses
Shields, body armours and vests don't properly work
That's why you're in a locker full of hurt
The enemy within and all the fires from your friends
The best medicine is to probably just let her win

G

I wish I couldn't feel
I wish I couldn't love
I wish that I could stop cause it hurts so much
so much
And I'm the only one that's trying to keep us together
When all of the signs say that I should forget her
I wish you weren't the best, the best I ever had
I wish that the good outweighed the bad
Cause it'll never be over,
Can never be over
Until you tell me it's over
Until you tell me it's over

These battle scars, don't look like they're fading
Don't look like they're ever going away
They ain't ever gonna change
These battle scars, don't look like they're fading
Don't look like they're ever going away
They ain't ever gonna change

These battle

Cause you've set me on fire fire
I've never felt so alive, yeah

L

Now, hoping wounds heal, but it never does
That's because you're at war with love

G

And I'm at the point of breaking uh-huh

And its impossible to shake it

L

Yeah,

see

You hoped the wound heals, but it never does

That's cause you at war with love

Hope it heals, but it never does

That's cause you at war with love

G

These battle scars, don't look like they're fading

Don't look like they're ever going away

never

They ain't ever gonna change

never

These battle scars, don't look like they're fading

Don't look like they're ever going away

never

They ain't ever gonna change

never

These battle scars, don't look like they're fading

Don't look like they're ever going away

They ain't ever gonna change

These battle
