

# Infamous

## Motionless in White

Listen up now motherfuckers, this is how it's going to be,  
And I don't give a single fuck if you like it or not  
Your picture perfect enemy has become the anomaly  
Yeah try all you want, but you won't figure me out  
Be careful what you wishing for you might just get it  
Set fire to your lungs and leave you choking on the ashes  
You're wasting all the oxygen, blackballing but you can't stop falling  
Then call me a faggot, stand up, now who looks more threatening?  
I never asked to be model citizen for your  
decor  
Even if you played the part I wouldn't fuck you for the score  
So step up to the plate and take your best fucking shot  
But it will never break the skin 'cause I am something that you're not, fool  
I don't care what you have to say, it  
makes no difference  
It's all because of you, we're fucking infamous  
I'm not looking for a savior, I have all that I need  
And I don't give a single fuck if God likes it or not  
Your picture perfect life you see is quite so fucking disgusting  
I put all my faith in your "one two three"  
Be careful what you wishing for you might just get it,  
Set fire to your lungs and leave you choking on the ashes,  
You're wasting all the oxygen, blackballing but you can't stop falling,  
Then call me a faggot, stand up, now who looks more threatening?  
I never asked to be model citizen for your  
decor  
Even if you played the part I wouldn't fuck you for the score  
So step up to the plate and take your best fucking shot  
But it will never break the skin 'cause I am something that you're not, fool  
I don't care what you have to say, it  
makes no difference  
It's all because of you, we're fucking infamous  
We're fucking infamous  
We're fucking infamous  
Now I'm your model citizen, nail me to a cross  
Crucify me for my sins, and let my body rot  
I said this before and so I'll say it again  
"Open your mind before your mouth and get the fuck out of my way"  
I don't care what you have to say, it makes  
no difference  
It's all because of you, we're fucking infamous  
We're fucking infamous  
We're fucking infamous
