Compromise

Smile Empty Soul

Drive through your neighborhood
You hide like I knew you would
You don't ever call me
You told me to stay away
A game that you always play
But I know that you own meAnd I'm staring at the walls again
With these pictures that are in my head
When will you realize
You're now and forever mine
You don't have to run
I won't compromise
All that I know is right
You and I are oneI write but you never do
I smile when I think of you
I Wonder where you're hiding
And baby when you think of me
Do you cry or do you scream
The path we walk is windingAnd I'm staring at the walls again
With these pictures that are in my head
When will you realize
You're now and forever mine
You don't have to run
I won't compromise
All that I know is right
You and I are oneI'm Feeling like a loser
How could you just choose to leave
And change your number, was I so bad
Someday I will find you
Then I will remind you
Babe you are the best thing that I haveWhen will you realize
You're now and forever mine
You don't have to run
I won't compromise
All that I know is right
You and I are one
Yeah, Yeah, Yeah
