Compromise

Smile Empty Soul

Drive through your neighborhood

You hide like I knew you would

You don't ever call me

You told me to stay away

A game that you always play

But I know that you own meAnd I'm staring at the walls again

With these pictures that are in my head

When will you realize

You're now and forever mine

You don't have to run

I won't compromise

All that I know is right

You and I are oneI write but you never do

I smile when I think of you

I Wonder where you're hiding

And baby when you think of me

Do you cry or do you scream

The path we walk is windingAnd I'm staring at the walls again

With these pictures that are in my head

When will you realize

You're now and forever mine

You don't have to run

I won't compromise

All that I know is right

You and I are oneI'm Feeling like a loser

How could you just choose to leave

And change your number, was I so bad

Someday I will find you

Then I will remind you

Babe you are the best thing that I have When will you realize

You're now and forever mine

You don't have to run

I won't compromise

All that I know is right

You and I are one

Yeah, Yeah, Yeah
