The Small Hours

Metallica

Look hard at the darkness and you will see Just call my name and I'll be there You cannot touch me, you would not dare I am the chill that's in the airAnd I try to get through to you In my own special way As the mirrors crumble At the end of the day, ahaDark rivers are flowing back into the past You are the fish for which I cast And what of the future, what is to be As the rivers flow into the seaAnd I try to get through to you In my own special way As the mirrors crumble At the end of the dayDo not take for granted powers out there Don't step into the demons lair Time is an illusion rising from time Steep is the mountain which we climbAnd I try to get through to you In my own special way As the mirrors crumble At the end of the day
