

# Clever Girl

## Tower of Power

Clever girl you fooled me once again  
Clever girl seems I can remember when  
There was a time I didn't have you on my mind  
But that heart of mine made me think the winnin' card  
was mine  
Now I start to understand I must be just part of your  
plan  
Must be part of your plan girl  
Just must be part of your plan  
Clever girl you got me on the run  
Clever girl this time lovin' ain't no fun  
I knew right from the start that only you could touch  
my heart  
The way you move my soul girl you have complete control  
But now the time has come for me to deal the final hand  
Gonna call your bluff girl  
Just got to show you my stuff  
Soon the game will come to an end  
And the'll be nothin' left for you to do except pretend  
You're a clever girl in the game you will remain  
Oh, but clever girl thing's will never be the same  
You just keep on runnin' the'll be no place to go  
After all your friends have vanished  
you'll find yourself alone  
Maybe then you'll realize you won't so clever after all  
You're headed for a fall girl  
Then you'll have no one at all  
Clever girl  
Clever girl
