Ships In The Night

Brazilian Girls

Now, that your leave is over
Let's down our drinks and say goodnight to this illusion
Bellbottom Casanova
The silhouettes that pass us byAre ships in the night
Ships in the night
In the nightWhen you alight, Mein Lieber
Whether it's Hamburg or New York
I'll still be sleepingLook in your wallet, all you'll find
A little note I've left behind
Oh, I hope you don't mindWe're ships in the night
Ships in the night
Ships in the night
In the night
