

# **Ships In The Night**

## **Brazilian Girls**

Now, that your leave is over  
Let's down our drinks and say goodnight to this illusion  
Bellbottom Casanova  
The silhouettes that pass us byAre ships in the night  
Ships in the night  
In the nightWhen you alight, Mein Lieber  
Whether it's Hamburg or New York  
I'll still be sleepingLook in your wallet, all you'll find  
A little note I've left behind  
Oh, I hope you don't mindWe're ships in the night  
Ships in the night  
Ships in the night  
In the night
