

Every Night About This Time

Fats Domino

Every night about this time
I go to sleep to keep from cryin'
Every night about this time
I go to sleep to keep from cryin"Cause my baby
She always runnin' 'round
Oh, can't you see what's wrong with me
I've cried and I've cried
'Cause I'm not satisfied, ohOh, can't you see what's wrong with me
Yes, I'm afraid
I will have to let my baby be
Yes, love is a thing that money can't buy
If you don't have no one to love you
You might as well curl up and die, oh
Oh, can't you see what's inside of me
Yes, I'm afraid
I'm gonna have to let my baby be
