Throw Ya Hands Up

Rupaul

Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
We started up front, and then we moved back
Gotta let yourself go if your feelin' my track
Come on and get live, and rock it with me
You don't gotta worry 'bout it
Now, all you gunna do
Is throw ya hands up if it's right with you
The record gunna pop and we never gunna stop
Rock it with me, you don't gotta worry 'bout it
(you don't gotta worry bout it)
Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
So move it up front, and never look back
If you gotta get down stop feeling my track
Come on and get live, rock it with me
You don't gotta worry 'bout it
Now, all you gunna do

Is throw ya hands up cuz it's right with you
Making it pop, like the champagne top
Rock it with me, you don't gotta worry 'bout it
Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
Throw ya hands up, put 'em in the air

Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
(Jhevon Paris)
Throw 'em up, keep 'em up shawty
I can get it live
It's only popping off if your ready to take a ride
Imma get you hot make you sweat baby
We can fly with the Stereos, on a journey to the other side
Jet Black Cadillac, and the back legs high
I can get with you shawty, your percent is so right
Body so off the hook, ya give a playa butterflies
Be my pleasure for the rest of the night
Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
Throw ya hands up, put 'em in the air
Rock it with me like you just don't care
Throw ya hands up, get 'em up high
Rock it with me and we'll go all night
Throw ya hands up, come on throw ya hands up.
