Yawa rappers claiming they on fire
And all these wack songs going higher
Bigger platform, she want retire

[Bridge: A.I]

We are the rocks on which they built the world yeah
It's a one-way road but I'ma give it all back to you
I promise, honest
You know I do me, cause you love me, Hey, my Tasha
I will make you proud Natasha
We are the rocks on which they built the world yeah
It's a one-way road but I'ma give it all back to you
I promise, honest
You know I do me, cause you love me, Hey, my Tasha
I will make you proud Natasha

[Hook: A.I]
