

# Carry Me Away

[Rick Springfield](#)

Stop my head is playing tricks again, won't it ever stop  
Baby, help me listen to my heart  
And then take me to the top  
I'm afraid of love, so afraid of love  
And I'm scared to make it right  
But I know tonight, that it's my last chance  
My last shot at real love and I wanna take it Last chance at the slow dance, in the big time  
And I wanna make it tonight  
You're gonna show what love is and why  
Between the sweat and the lovin'  
The whisper and the cry  
I'm so tired of all this shit that I feel  
Show me something real Carry me away, baby, carry me away  
I'm in love with you tonight, feels so right  
Carry me away, baby, carry me away  
I wanna be with you, what can I do  
You've got the power, you've got the love  
To take me to heaven or to lead me to heartbreak I spend my life waiting for the future and living in the past  
Baby, show me love that I can hold on to  
Give me something that'll last  
I'm a total wreck but I'm up to my neck in this love I'm in  
And I can't do a thing  
It's a long shot, a far cry from a real world, me and you, baby Last chance for the slow dance in the bright lights  
And I think that maybe tonight it's gonna happen  
Ain't no use in tryin'  
Between the sweat and the lovin', the whisper and the cry  
I'm so scared of all this feeling I feel  
Show me something real Carry me away, baby, carry me away  
I'm in love with you tonight, feels so right  
Carry me away, baby, carry me away  
I wanna be with you, what can I do  
You've got the power, you've got the love  
To take me to heaven or to lead me to heartbreak You've got the power, you've got the love  
To take me to heaven or to lead me to heartbreak Carry me away, baby, carry me away  
I'm in love with you tonight, feels so right  
Carry me away, baby, carry me away  
I wanna be with you, what can I do  
You've got the power, you've got the love  
To take me to heaven or to lead me to heartbreak
