

National Anthem / She Wants You

Kelly Price

f R. Kelly
[R. Kelly]Here's the day I've been waiting on
NFL on Sunday morn
[Kelly]But you know we need to talk
Right now
[R. Kelly]Not right now the TV is on
Move outta the way the National Anthem is coming on
[Kelly] (R. Kelly)
If it's the National Anthem you want
(Kelly let it wait)
Here it is
(Woman if you don't go in there and leave me alone)
And I thought I made it clear
(Please don't start this again)
Told you to get her out of there
(But I told you she was just a friend)
Came through your house last night
And her bags were still there
Oh (Oh damn)
She wants you
And baby I'm not fooled
She wants you
So don't you play the fool
You say she's just a friend

But I can see straight through
Baby I'm not having it
Ooh a true friend indeed
She was just a friend in need
She called to you just for help
She said she didn't have no one else
But I know that something's wrong
I felt it while we were on the phone
Cause she's looking for love
And she's looking at you
I recognize the game oh, oh yeah, yeah
She wants you
And baby I'm not fooled
She wants you

So don't you play the fool
You say she's just a friend
But I can see straight through
Baby I'm not having it
No, no, no, no, no
Just you and me
Until this came to be, hmm
We never had an argument
Until the day you took her in, yeah
My love this is killing me, yes it is
The web she weaves, oh
Underhanded schemes
But I can see what you don't see
I've been here before
And I won't take no more-
