Fire at Will

Keeping Secrets

Please take the time to understand
Revenge is sweet, but so is my conscience
Let out the pressure in your breath
These words in slate remind me of the reason why

Itâ€™s such a shame the time Iâ€™ve wasted on you
So taste the pain that pulls me down

Iâ€™d like to stitch your mouth
Just to keep your lies from spilling out
And from the highest peak watch me drown
Iâ€™d like to stitch your mouth
Iâ€™d like to stitch your mouth

We speak the words so easily
Iâ€™ll take them in as if they were my own
Donâ€™t struggle so impatiently
Youâ€™re acting so self destructively

Donâ€™t blink youâ€™ll miss it
Donâ€™t speak just listen
Iâ€™ll end your life in blink of an eye
Cut the rope so you can fly
But before you go Iâ€™d stitch your mouth
Keeping lies from spilling out
Watch me drown
