

# Neverland (Version 2.0)

## Bella Morte

Don't lie awake  
Restless, cold  
Drown yourself  
Into the deep Neverland  
Drown yourself  
Just close your eyes, silently  
See the gleam of sand of solaceRise  
Fall before the Fey goodnight  
One last look into the eyes  
Tarry for you'll never die  
For now and ever with usNocturna's call throughout time  
And before  
Through ancient seas and dark lands  
Long before  
Engulfing dreams, enthralling  
The collapsing skies engravedCall  
Fall before the Fey goodnight  
One last look into the eyes  
Tarry for you'll never die  
For now and ever with us  
Rise
