Good Lovin'

Bobby Freeman

What a sunny, sunny morning
When my man?s right by my side
Held me closely, so close I felt love inside
It's like paradise when he
He called me his favorite girl
And for sure he?s my favorite boy
And I?ll be there when he needs me
To be like no other woman gives you joy
'Cause I?ll give him
Good love to you
Sweet love to you
(Sweet love)
There when you say
(There when you say)
Gotta do for you
(Gotta do for you)
Hold on to you
(Hold)
Right here for you
(Good lovin)
Good love to you
(Good love to you)
Sweet love to you
(Sweet love)
There when you say
(I?m there, I?m there)
Gotta do for you
(Gotta do for you)
Hold on to you
(Hold on to you)
Right here for you
(Right here)
Oh, when you come home from work baby, baby
I?ll be here to run your bath
You ain't gotta ask me once
I want this stuff to last, least I can do for you
I?m here till the day we die boy
'Cause this feeling is so real to me
You?re my lover, my friend and it's more than I dreamed

So I?m right here to give you
(So all I wanna do you is give you)
Good love to you
(Sweet love)
Sweet love to you
(There when you say)
There when you say
(I gotta do for you)
Gotta do for you
(Hold on)
Hold on to you
(Right here)
Right here for you
I?ll be right here for you baby when you need me
Just call me, baby sweet love
Good love to you
(Oh yeah)
Sweet love to you
(There when you say)
There when you say
(I gotta do for you)
Gotta do for you
(I gotta hold on)
Hold on to you
(I?m right here for you)
Right here for you
I?ll give you good, I?ll give you good
I?ll give you good , I?ll give good lovin to you
I?m willing to share my world
(Said I?m willing to share my world with you baby, baby, baby, baby)
For my man I?ll give you the world
(Said I?ll give you the world and I?ll tell everybody, I?m not ashamed)
You?re my man and I?m your girl
(I?m your girl baby, whatever you need)
More than willing to share my whole world
(Yeah, yeah, yeah, yeah, baby)
Good love to you
Sweet love to you
(Sweet love)
There when you say
Gotta do for you
(I gotta do for you, baby)
Hold on to you, right here for you
(Said I get so happy inside, yeah, yeah)
Good love to you

(Oh baby)
Sweet love to you
(Can't you tell)
There when you say
(I?m there, I?m there)
Gotta do for you
(Said I gotta do)
Hold on to you
(Yeah, yeah, yeah)
Right here for you
(I gotta hold on to you baby because I love you yeah)
Said I gotta go now
