

# Hope

Sheila Walsh

I feel Your presence here  
I know that You are near  
My soul is thirsty  
for Your loving touch

My heart cries out to You  
I long for more of You  
Have mercy on me  
For I need Your love

CHORUS:

And I hear Your voice in the wind  
And I see Your face all around  
And I feel Your touch in my soul  
And hope is real to me

To be here at Your side  
Iâ€™d travel far and wide  
Thereâ€™s nowhere in the world  
That Iâ€™d rather be

Your words are life to me  
Your voice is all I seek  
I found my resting place in Your  
sweet embrace

CHORUS (repeat)

I feel Your presence here  
I know that You are near
