## **Sunflower**

## **Paul Weller**

All I gotta do is think of you All I gotta do is think of youI don't care how long this lasts We have no future, we have no past I write this now while I'm in control I'll choose the words and how the melody goes Along winding streets we walked hand in hand And how I long for that sharp wind to take my breath away again I'd run my fingers through your hair Hair like a wheat field, I'd run through, that I'd run throughAnd I miss you so, and I miss you so Now you're gone, I feel so alone Oh I miss you soI'd send you a flower, a sunflower bright 'Cause you cloud my days messing up my nights And all the way up to the top of your head Sun shower kisses, I felt we had And I miss you so, oh baby I miss you so Now you're gone, I feel so low, oh I miss you so, I doBut I miss you so, oh darling I miss you so Now you're gone, I feel so low, low, oh I said, I miss you so All I gotta do is think of you, oh and I miss you so Baby I'm, I'm afraid to say why, oh that I miss you so Baby I'm, I'm afraid to say why, oh I miss you so
