

# Junkie

## James

Chocolate, kisses, Pokemon  
Hit em while they're young, it's true  
She needs lovers round the block  
He works around the clock, it's true I know it's gonna make it better  
Just know it's gonna make it better  
We can hold the light of grace  
Instead we flake and choose to lose TV, football, sex and killing  
Without war, life's not worth living  
We play our games with knowing smiles  
Unattached we can choose  
We choose to lose it every time Now we're heading for a fall  
And a double takes it all  
A stranger rolls a double 5  
And everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah Everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah  
Everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah  
Everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah I know it's gonna make it better  
Just know it's gonna make it better I'm so wound up in my own ball  
I loved my life so small  
I've lived a life so small I've done my best  
It's time to crawl sideways  
To crawl sideways To leave this apparition  
To leave this apparition doll  
'Cos everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah Everyone's a Junkie  
Yeah, yeah, yeah, yeah, yeah  
Everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah  
Everyone's a junkie  
Yeah, yeah, yeah, yeah, yeah Everyone's a junkie  
Everyone's a junkie  
Everyone's a junkie  
Everyone's a junkie
