

# The Crucifixion Is Now

## Dwarves

This day forward to vanquish boldly  
The crucifixion is now my lovely  
This day forward and this way only  
The crucifixion is now my lovely  
I love the sound of breaking skulls  
That limousine that pulls  
Over the heads of all  
The people that pay to see me  
This day Never with hesitating  
Teach children to worship Satan  
Warping the mind of generation  
Teacher children to worship Satan  
The Crucifixion is now
