

# Judy

## Capitán Sánchez

Judy has her own desire  
She wants to step into your fire  
She wants you tangled in her web  
She wants the flame never to tire  
    She's wanting  
    She's tripping  
    And she's falling  
    Can you catch her?  
    Now she's calling  
    Can you hear her?  
    She's falling down  
Judy wants to love so much  
Can it release her from her hurt?  
Judy's dreaming of your touch  
She'll smother you till it's too much  
    She's wanting  
    She's tripping  
    And she's falling  
    Can you catch her?  
    Now she's calling  
    Can you hear her?  
    She's falling down  
    She's falling down  
    She wants to drown  
    Within your heart  
    She'll never part  
    She's falling down
