

Salvation, Salvation

Big Sixes

Today is a perfect day for feeling alive
Then why the fuck do I feel so dead inside
I'll trade the photographs from sunny afternoons
If every time I leave you say I hope to see you soon
No it doesn't get easier
No it doesn't get easier
to lose I remember when you asked me
Who the gods pray to?
Although I tried not to hear it
I believe in love over spirits I remember when you told me
That the moon had moved so much in the space of ten minutes
I don't know cuz I barely feel it
I watch the sun break through the rain
whilst saying that I'm better off alone better off with no one
day i'll break in two just to prove that i'm hollow
so sniff smoke or swallow
watced your face turn into three in front of my eyes
i'm bored and so uninspired
I'm begging adore us
and please dont ignore us
see don't you feel for us
see dont No it doesn't get easier
No it doesn't get easier
No it doesn't get easier
To lose I remember when you asked me
Who do gods pray to?
Although I tried not to hear it
I believe in love over spirits
I remember when you told me
That the moon had moved so much in the space of ten minutes
I don't know cuz I really feel it Today is a perfect day for feeling alive
Then why the fuck do I feel so dead inside
Today is a perfect day for feeling alive
Then why the fuck do I feel so dead inside I remember when you asked me
Who do gods pray to?
Even though I tried not to hear it
I believe in love over spirits I remember when you told me
That the moon had moved so much in the space of ten minutes
I don't know cuz I really feel it
