

The Mona Lisa

Brad Paisley

Now there are men who make history
There are men who change the world
And there are men like me
That simply find the right girl
In that very moment, it all became clear
What I'm meant to do, the reason I'm here
Now every night I thank the Lord I found ya
Every time I put my arms around ya

Chorus:

I feel, like the frame
That gets to hold the Mona Lisa
And I don't care
If that's all I'll ever be
It never fails, we walk in the room
Nobody sees me, they're all looking at you
I disappear, but that's fine with me
I feel the same way, you're all I can see
They've written books about Da Vinci's muse

I know it wasn't, but it shoulda been you

Chorus:

Cause I feel, like the frame
That gets to hold the Mona Lisa
And I don't care
If that's all I'll ever be
I wanna take you to Paris while we're still young
We can drink a little wine, have a little fun
We can work on our French, in more ways than one
I'd kiss you baby, now wouldn't that be fun

I wanna take your hand
I wanna walk in the Louvre
I wanna show you're real beauty
Let 'em get a load of you

Chorus:

Cause I feel, like the frame
That gets to hold the Mona Lisa
And I don't care
If that's all I'll ever be
