You Are for Me

YOU ARE FOR ME
Music & Lyrics by DAVID SERERO Verse 1 :
I was alone with you
Cos I felt what our love could do I had enough of this
cos I tasted once your kiss I had a chance to say
That without you I won't feel the same I wanted you to know
That I need you in my sorrow Bridge :
Well I know that You know
That you care what I care
Without you all my heart
This is forever apart Well I know that you know
That I care in my life
As long as I believe in my art
And you believe in my heart Chorus :
You are for me my destiny
Cos I love you way more than any You are for me the sweet of time
Cos I don't mind what you read in my mind You are for my guarantee
That love could always be possible with me You are for me that sweet candy
That only love could melt as long as you live Verse 2 :
I was so lonely
Now Without you my life can't be I changed all my ways
when you said to me Â« that's ok Â» Bridge 2 :
If you regret I'll be there for no secrets,
If you select
As long as I believe in my art and you believe in my heart
