

# Hello Central (Give Me 209)

## Lightnin' Hopkins

Hello Central, please give me 209  
Hello Central, will you please give me 209  
Yes you know I want to talk to my baby  
Oh lord and she's way down the line

Seem like the buses done stop runnin'  
And the trains don't like me to ride no more  
Seem like the buses done stop runnin'  
Trains don't like me to ride no more  
Ticket agent see how my ticket played out  
He'll see that I don't ride for sure

I turned around from the telephone  
Went walking straight back home  
Oooh, turned around from the telephone  
I went walking straight back home  
I was praying in my heart asking Jesus  
Oh lord now, what have I done?
