

# Pure Hatred

## Chimaira

I have told you things need to change  
You never listened or came to my aid  
The vicious cycle has not changed  
My times spent rearranged Mother fuck it all  
I can't stand this  
Remember then I said  
Everyone makes me sick  
Well nothing has changed I hate everyone The vicious cycle still remains  
Constant cluster fuck, bloodstains  
Ignorance, you kill for God  
Expression not allowed You fucked it up  
With your motherfucking games  
Remember when I said  
I was so ashamed  
Well nothing has changed You have to  
Pick and choose your fights  
You have to  
Come out of this alive I have told you things need to change  
You never listened, never came to my aid  
The vicious cycle still not changed  
My judgment fades away You'll never change me  
Remember we are through  
I am staying here  
To betray all of you  
And nothing will change
