

When You're near Me I Have Difficulty

XTC

When you're near me, I have difficulty respirating

When you're near me, I have difficulty concentrating

When you're near me, I have difficulty standing upright

When you're near me, I have difficulty sleeping at nightI used to stand proud like a sphinx

 In a noble immovable state

And then your heart nailed me under a jinxNow I'm feeling like a jellyfish

 Just a spineless wobbly jellyfish

And it's great, great, so greatWhen you're near me, I have difficulty respirating

 When you're near me, I have difficulty concentrating

 When you're near me, I have difficulty standing upright

When you're near me, I have difficulty sleeping at nightI used to stand high like a pine

 Just a piece of emotionless wood

And when you put your body near mineNow I'm feeling like a jellyfish

 Just a spineless wobbly jellyfish

And it's good, good, so goodI used to be an iceman, living in iceman town

 So I'm warning all you cool, cool icemen

Better be prepared to be melted right down, downWhen you're near me, I have difficulty respirating

 When you're near me, I have difficulty concentrating

 When you're near me, I have difficulty standing upright

When you're near me, I have difficulty sleeping at nightWhen you're near me, I have difficulty

 When you're near me, I have difficulty

 When you're near me, I have difficulty
