

# Somewhere

## Edward Sharpe & The Magnetic Zeros

Everyday a hole in my pocket  
Every night I alright  
When it's kisses I'm on a rocket  
I believe I'm going somewhere  
She got a belly full of baby  
Here she sayin it all be fine  
I believe her, I know crazy  
I believe we're going somewhere  
Somewhere along I found her wandering, lonely and wandering  
So lovely and wandering  
And now we've come together and we're wandering home  
I believe I believe we're going somewhere  
Everyday a hole in my pocket  
Every night I alright  
When it's kisses I'm on a rocket  
I believe we're going somewhere  
Got no money in your t-shirt  
Heaven flying on the free word  
You and me baby  
I believe we're going somewhere  
Somewhere along I found her wandering, lonely and wandering  
So lovely and wandering  
And now we've come together and we're wandering home  
I believe I believe we're going somewhere  
I believe I believe we're going somewhere  
I believe I believe we're going somewhere  
I believe somewhere  
Somewhere  
Somewhere  
Somewhere
